

Computers: Design and Creative Skills

Equip your students with essential skills for success.
Graphic Design is a growing field with many job opportunities!

We'll teach on your campus.

Visit our Student Gallery @ www.CREATORStouch.biz

"Best after school art program we've ever had." The teachers are professional and the students are totally engaged in learning while having fun at the same time. Throughout the program students produce pieces of art that would make any parent proud. I highly recommend CREATOR'Stouch."

- Candice Kuzmickas, Principal of Holy Name of Mary School, San Dimas, CA
